

INTERCHANGE RATE/FEE SCHEDULE

RSA.S22.IC US.IC.ACTUAL INTERCHANGE

Your Credit Card and Non-PIN Debit Card Transactions

A significant amount of the Discount Rates that we charge you for processing your Credit Card and Non-PIN Debit Card transactions represents charges that we must pay to the Issuing Banks (or that are otherwise charged to us by Mastercard®, Visa®, and Discover Network®), under Mastercard, Visa, and Discover Network (the Payments Networks) rules. This amount, called “Interchange,” varies based upon a complex series of interchange programs that may apply to the transaction depending upon a number of factors – such as the type of card presented, specific information contained in the transaction, how and when the transaction is processed, your industry, and other factors.

Interchange Fee Schedule

Each Interchange level has an associated Interchange fee that is established by Mastercard, Visa and Discover Network. The schedule below shows the amount of the Interchange Fee that will be assessed for each transaction.

The amount of the Interchange Fee will depend on the type of transaction and the interchange program at which the transaction is ultimately processed. In order to qualify for any specific interchange program, you must satisfy certain qualification criteria established by the Associations. The LAC Interchange Qualification Matrix identifies the primary qualification criteria for the various interchange programs.

Please note that the Associations regularly add new interchange programs, and change the rates and/or qualification criteria. Also note that the Interchange Fees shown below are in addition to any dues or assessments charged by the Associations, as well as any other processing or transaction fees set forth in your fee schedule and/or merchant agreement.

The amount shown under “Rate” is multiplied by the amount of the transaction; the amount shown under “Item” is charged per transaction. Both amounts are included in the Interchange Fee.

Fee Schedule – Interchange Plus Merchants

Refer to the Interchange Qualification Matrix for Clearing Requirements

Mastercard, Visa and Discover Network levels and rates are not all inclusive. The most common clearing levels for this pricing type are listed below.

Please note that the Payments Networks regularly add new interchange programs, and change the rates and/or qualification criteria. Also note that your Discount Rates are in addition to any other processing or transaction fees set forth in your fee schedule and/or merchant agreement. The Interchange Qualification Matrix identifies the requirements for the various different interchange programs established by Mastercard, Visa, and Discover Network, including those described above. Please refer to the Interchange Qualification Matrix to determine the interchange category for which a transaction may qualify. For more information regarding your Discount Rates and Non-Qualified Transactions, please call Customer Service.

*Non-PIN Debit and Prepaid rates apply to U.S. issued consumer prepaid and debit cards (Check Cards)
